One night，five friends got into a discussion about their favorite sports．They discovered that in the same five sports，each had different favorites to play and to watch，as well as a least favorite sport．Using the clues and grid below，determine the full name of each friend，what each favorite sport to play and each favorite sport to watch was （each is different），and what each least favorite sport was（each is different）．HINT： for each person the sports that they liked to play，to watch，and their least favorite were always three different sports．

1．Mr．Daily，who didn＇t watch football，didn＇t like hockey．Jack，whose last name isn＇t Anderson，didn＇t watch basketball．

2．Mr．Sampson played football but the man who played basketball didn＇t like football and the one who loved watching football didn＇t like baseball．

3．Tom，whose last name isn＇t Sampson，loved to play hockey．Jack didn＇t watch boxing．

4．The man who watched basketball didn＇t like boxing．Dan＇s last name wasn＇t Mason．Mr．Anderson watched baseball．

5．The five friends are represented by：Ted，the one who watched hockey，Mr． Barr，Jack，and the one who played basketball．

6．Fred Sampson didn＇t like basketball．Ted Daily didn＇t play football．
