Gadget Security

by Shelly Hazard

The on-site security team for Gadget, Inc. consists of six people – two each on three different shifts. They provide around the clock security for the workers of the multi-million dollar corporation’s sprawling corporate headquarters. There are two security centers within the building, affectionately called by the security guards as George and Cleo. Each shift, each security center is manned by one of the two security guards on duty. From the clues, determine the full name of each security guard on duty, which security center each guard is stationed at, and which shift each guard works.

1. Sam, whose last name isn't Springer, isn't posted at Cleo. Lou isn't posted at Cleo.
2. Mr. Gold works after Harry. Neither Rich nor Mr. Cloust work on 1st shift.
3. Mr. Springer isn't posted at Cleo. Harry doesn't work on 1st shift. Bill is not posted at George.
4. Lou works after Mr. Bright but before Mr. Turner. Rich's last name isn't Gold.
5. Tom's last name isn't Fredricks. Mr. Bright isn't posted at Cleo.
6. Mr. Gold, whose first name isn't Bill, is posted at George. Tom's last name isn't Bright.
