Little League Baseball

by Shelly Hazard

Little League baseball is in full swing now and tomorrow night's game features the local favorites, the Tigers, against their returning rivals, the Cubs, from the next town over. For the players' parents, anticipation was high for an excellent game as both teams were performing well within their divisions. Five players in particular on the Tigers team were expected to shine – these star players had all been playing exceptionally well within the last few weeks and their parents couldn't be prouder of them. Determine the name of these five players, the names of their parents, the position each played on the field, and the number on each player's uniform.

- Jennifer was not married to Ralph and her son was not Chris. Nate didn't wear an even numbered uniform. Charles wasn't married to Beverly. Walter's son wasn't Bill.
- Bill's uniform number was higher than the third baseman's but lower than that of Mary's son.
- The boy playing shortstop had a uniform number of 13, but it wasn't Nate. Bill's mother wasn't Jane. Henry was the catcher.
- Chris's mother wasn't Beverly. The boy playing third base didn't have 4 for a uniform number. Uniform number 22 was worn by James' son, who wasn't the first baseman.
- The pitcher's father was Ralph. Susan and Adam were very proud of their son, but he wasn't the catcher. Jennifer's son played the first base position.
- The even numbered uniforms were worn by Mary's son, the first baseman, and Rick, in no particular order. Jane's son, who wasn't Nate, had a uniform number of 13.
